

12th September 2017

Dear Parent / Carer,

Skirting Science and Technology: Wednesday 18th October 2017

Our school is delighted to participate in **Skirting Science and Technology**, an event being organised jointly by Lichfield and District Soroptimists, South Staffordshire College and Entrust STEM Centre to be held at South Staffordshire College, Rodbaston Campus, Penkridge, Staffordshire ST19 5PH. Skirting Science 2017 is being sponsored by Stafford based Perkins Engines Company Limited. Your daughter has been selected for this opportunity due to outstanding attainment and attitude to learning in science.

The event works towards encouraging girls to choose to study STEM subjects, inspire them to aim high in their career outlook and open their eyes to exciting work opportunities. Students will be given the opportunity to attend 3 different interactive workshops and meet enthusiastic people and company representatives already engaged in STEM careers.

Lichfield and District Soroptimists may want to arrange for photographic or video images to be taken during the day's events and members of the Press may be also be attending the event and may also want to take photographic or video images. Lichfield and District Soroptimists need to know therefore if you grant permission for your child to appear in any photographic or video images and for these to be used for publicity related purposes.

Your child would be expected to bring a drink and packed lunch. School uniform is to be worn.

Numbers are limited, and if you wish your child to attend, please complete the attached reply slip below and return it to school before **15th September 2017**. **There is a waiting list for the trip so please let me know as soon as possible if your child can not attend.**

If you have any questions or queries please contact myself at office@codsall-middle.staffs.sch.uk or phone the main school number.

Kind Regards,

Miss M. Kidd
Teacher of Science

Skirting Science & Technology

Name _____ Form _____

I am happy for my child to participate in the Skirting Science & Technology event.
