

11th October 2017

Dear Parent/Carer

CMAT E-Safety Briefing for Parents

Parents of pupils currently attending St Nicholas First School and Codsall Middle are invited to an E-Safety Briefing to be held at Codsall Middle School on **Wednesday 8th November, 6-7pm**. The focus of the session will be to support parents in keeping their child/children safe when using the internet. The briefing will be delivered by Mr Alan Foster from Concero, our ICT support providers.

Due to the nature of discussion and materials which may be used, this briefing is not suitable for children. Only adults should attend. We would be grateful if this could be limited to one parent per family to accommodate as many CMAT parents as possible. If you can attend please could you complete and return the reply slip (to your child's school).

For parents unable to join us at this meeting, could we please encourage you to regularly check any social media platform that your child uses, in particular ensure they are not following/linked to/ in communication with anyone they do not know in real life. Check digital resources they are using are age appropriate and that, as much as possible, you as parents supervise your child's use of ICT at home.

Kind Regards

Mrs P Baker
Designated Safeguarding Lead – Codsall Middle School

E-Safety Briefing

Pupil Name _____ Class _____
